“ Ann was a dear friend and co-worker. She helped me when I first took on the Logan ABLE Center. She was a fun loving, godly, practical, and intelligent lady. She drove all the way to Logan and back for a long time to prepare me to take on the management of the office and education of the students. She did it because she loved people. My prayers are for all those who will sense the loss of her here in this life and to realize how blessed she is in heaven.

“ *Deepest of sympathy to the entire Brewer family. I didn't know Ann long, but I did have the opportunity to work with her through the ABE program for a few months. She made me smile! I have heard nothing but good comments from her fellow students here at ABE. I pray the Lord will bless all of you with comfort and peace during this time.*
