“ Anthony was kind enough to help me work on a puzzling Coyan genealogy issue. He was smart and funny and very helpful. I did not know him well, but am glad to have interacted with him on the Coyan family history. I believe Anthony had a cat and/or dog, and I am hoping someone is able to continue caring for his pets.

“ My dearest friend Anthony, a rare soul and I was the lucky one to walk by your side for awhile. We don't know how precious what we have with those who love us until now you're gone for a long while. It will be hard. The things I should have shared with you and not hold back. What is important in life? This life is so short. We have to make the best of it. You made a difference in this world. You made an impact, a ripple in this ocean that will go on, ideas of good things to build upon and fly with and on wings of music that soothe and inspire the soul. You were a precious gift that take a long while to appreciate. I hope my prayer to our Good Lord reaches you now with much love.
