“ *She was such a steadfast and honorable woman. From days of working with her and participating in rodeos to being her next door neighbor for a while. She was always so good to my son when he was very young. Showing him so many things and letting him ride around on his John deer kids power wheel in and out of any and everything around the property. I especially appreciate how she kept him busy in the garden and playing in the ditch between our homes. God Bless the family and Rest in Peace Beverly!*
