“ *I've known Charlie since I was just a kid ..times he has done for me
and i have done for himand times we didn't see eye to eye at
all..but at the end of every disagreement we would both agree to
agree that no matter what s been said or done we had a lot of good
times and didn't wanna weigh in on the bad...just talked to him
seems like yesterday about his dog buddy. But he always said ..not
enough time to spend worrying about this guy or that guy or who
done what he liked his dog better than most and didn't care to say
it.. and all in all he was a pretty decent guycrabtree*
