“ Harrison Allison and I love you and we will miss you. Allison said she is going to miss walking up your mountain of a driveway in the summer to go swimming in your big pool lol that kid loves you and is going to miss you so very much. And now that I think about it it is going to be weird walking around the top of your driveway and not seeing you and Connie sitting there on the porch and then coming up and talking and bringing you apples and pears and then getting to pick your brain about your gardening secrets. You are really going to be missed I know you played a big part in our lives and many more in your time here on earth but it's never goodbye it's always see you later buddy so I hope your going to wait for me at the lake in heaven save me a Good spot and a good pole buddy
