“ I had the pleasure of working with James. He was the sweetest person, and made the rough work days better. He always had a way of making you smile, even when you didn’t want to. He will definitely be missed. My deepest sympathies go out to his family and friends. May he fly high and RIP.

“ I worked with James when he was just out of high school. He’d always walk me to my car after dark to make sure no creeps surprised me in the parking lot. He was a very polite and respectful young man. I thought of him as an extra son. His laugh & smile were absolutely contagious. My deepest condolences to his family, it was a privilege to call James my friend!

“ *I only have this one picture at the moment as I don't have access to previous phones, but you were one of the best friends I ever had.. I know I hadn't talked to you in a long time but our friendship never changed! I am so heartbroken that you're gone.. We had a lot of fun times in highschool and as adults! You will be missed for the rest of everyone's lives.. Life just isn't fair..*

“ *It was always so much fun when we would all hangout together. You were such a kind hearted soul. You were always an amazing friend. You were my first homecoming date and were the first boy to ever take me on a date. You were always so kind and respectful towards me. You were the best friend a person could have asked for. May you rest in peace and be pain free 🕊️🙏*

“ James always made me laugh when I didn't even feel like smiling, he made the rainy days sunny. He was such an amazing man and I'm so grateful that I got to have a best friend like him in my life. He got me through some of the hardest days. He really was a sunshine on a cloudy day. Someone you could always depend on, if you needed cheered up he was right there, showing you songs, talking to you, just being the most helpful human he could've been. I love you, James. Thank you for being you.
