“ Gee always made me laugh. He always treated me like I was dingy. I remember when we were about 12 years old, he was at our trailer off Cleary Rd and we went to make drinks and emptied the ice trays so i went to fill them with with hot wter they will freeze faster . I said your lying Gee and he said no really its true. So he stood there and watched me fill up the ice trays with hot water and put them in the freezer. As soon as I cloosed the freezer door he busted out laughing and started running. I ran after him and we were both laughing so hard. To this day i remember that when i fill my ice trays. I love you forever cousin. ❤️💔

“ James, aka Gee, was one of my closest male cousins growing up and a very tender hearted guy under that tuff exterior. Not many people know this but he used to pay me and my friend Chloe in cigarettes to do his chores while his dad ( Uncle Raymond ) was at work. He would go over them again to make sure it was up to standard or we would all be in trouble. Him for not doing it himself and me for being that far up the road from home and of course for smoking! He probably didn't know this but he was very special to me and I wish I had told him so. To his mama, sister, brothers, children and grandchildren I'm so sorry for your loss. Love you Aunt Sandy and Angel.
