“ I'm still in shock. I went to school with Soup and even tho I moved and switched schools after our last year at Wilton, I still had a connection with him and a few others. We would go lengths of time without much or any communication, only to run into each other at any given time. Without hesitation, we would catch up, remain in touch, and sadly we would drift away like a lot of people do, just until the next surprising "run-in", then we'd repeat. It may not sound like a big deal, due to my inability to convey my thoughts and emotions at 4:15am, but that's something that has always meant a lot to me. Soup was one of the first friends I made when I started school. He Was also the first one to point out, not only to me, but also to our kindergarten teacher that apparently Steve wasn't supposed to put his middle finger in the air! I lost a recess over that too, thanks Soup! I'd give all the playground times back, for you to still be here with your kids buddy. RIP friend

“ Michael and Lucas had a great friendship. I remember we ask Lucas what he wanted to do for his birthday. He told us wanted to ride go carts at Nelsonville. I want "Soup" to be with me. They had a blast "flying" around the track. We had fun watching and listening to them on the ride home.

*I am so sorry for your loss. Praying for family and friends of Michael aka "Soup" love you Rest In Peace.*

*I am so upset to lose my childhood best friend and i don't know how to express my condolences to his family which I also love. We have all had so many great times together and I will never forget. Michael taught my son how to ride a bicycle and we loved going fishing. Michael has left us way to early and will leave so many people that loved him.*

“ *Mike was a good friend of mine. He used to audit me occasionally in my prior life as a sanitarian. He was always pleasant and fair. We both enjoyed UFC, so we would get together to watch the fights.*
