“ Pam and I worked the half way hose restaurant together yrs ago, and then was hired at Meijer the same week together, she spoke of her daughter often. I once took Pam to see her daughter, and visited Pam a few times at her home we even did lunch one time. Pam was very friendly and a good hard worker. Pam called me over the summer and I never got the chance to return her call I feel so bad about that now, I will miss Pam so much. Prayers to her family.
