“ *I had the privilege of working with Pat for many years at Jackson Elementary. She was a very caring and dedicated teacher. Through the years we not only shared our professional lives but also our personal lives. You see that's just how it was at Jackson Elementary. The teachers, students, and parents became like family. Pat was always reaching out to help others. I will never forget how she was there for me when I was first diagnosed with cancer. I have no words to express how much I am going to miss this dear friend, but I take comfort in knowing that she is with our Father in heaven. The next time Jackson E. meets for pizza, Pat will continue to be with us through special memories and the love we all had for her.*

*Tom, Heidi, and Nicole I send love and prayers your way. She loved all of you dearly.*

*God Bless,

“ Words cant do enough to explain how much of a impact this woman had on my life. As my 5th grade teacher, she made the most fun out of every class, taught us about buckeye football on top of all the other life lessons. She didn't just have a impact on my life, every one that had her as a teacher will surely tell you she was the best. Heaven gained a angel. I will truly miss getting the happy birthday messages from her every year. Or even the random messages I would always get asking how I was or telling me how cute my kids was. You were more to me than just my favorite teacher, ill never forget the awesome memories and may you rest in peace Mrs Woebkenberg.

Thank you for your nice words. I didn't know she kept in touch with students. She loved watching the Buckeyes play. At least she got to see the Bucks beat TTUN again and again.
