“ I guess I met Mike when he first started working for the Ale House. He was one of the nicest guys you'd ever meet! My condolences go out to the family and his partner! I can only say that you now have a guardian angel looking over you....and if anyone would, he would!

“ Mike was an integral part of the success of O'Charley's on Huffman Mill Road in Burlington in the early 2000's when we were a favorite spot for locals to get together and have fun. His big smile and always happy outlook will be missed by so many. RIP, Mike!

“ In the amount of time we've been together, it already seemed like forever. It's crazy how we found one another in the middle of nowhere. We clicked right away! Two people who seemed like total opposites, somehow ended up falling in love! I promised to always be by your side and I tend to keep that promise! I found a video you recorded of me snoring one night. "It's the little things like that, that make me happy. I love you so much Honey Pot. You're everything to me." I miss the random pics or videos we would send back and forth when one or the other was working. Never went to bed without saying I love you. Waking up in the mornings you would smile and stare deep in my eyes, you would tear up, the dogs slept with us, you would always say, "I love our little family"... I'm so lucky to have met your parents. Two wonderful people who raised such an amazing son! I also had the pleasure to meet a good deal of your closest friends that were like family to you. Like I said, I tend to keep my promise to always love you and be by your side! You're still here! I love you Mikey!!! My love, my amazing Pooh Bear!!
