“ Ruby was the best mom, grandma, great grandma, mother in law. Ruby would do anything for her babies grown or small it didn't matter. Ruby would go out to get bottles of ski for her babies no matter the time of day or night. Ruby will truly be missed by everyone who knew her.

“ I will always remember you laughing when I would come set on the floor in front of you. You would say "I know what you want you big baby" lol And you would rub my hair. You have no idea what that meant to me. It was so comforting to me setting there and you rubbing my hair or brushing it. I hope you know how much I appreciated it and I hope I always told you thank you! I love you so much and I can't imagine you not being around. I'm glad you aren't hurting any more but lord I wish you didn't have to leave us. You will be so missed and our hearts are so empty. Enjoy seeing all the people you have missed for so long. And one day we will see you again
