“ *Most of all, I remember her sweetness and her special laugh. She was always having to come out and tell Lori and Jamie and me to stop banging Maw's porch swing against the house. And one night she slept in bed with Lora and me and I kept waking her up and asking her to turn the pillow over again and again. The next morning she woke up to find my feet in her face because I had turned upside down in the bed. She laughed and laughed.*
