“ Vera was my sweet grandmother who was my best friend and biggest supporter. We had the tightest grandmother/granddaughter relationship and I'm going to miss sitting and talking with her around the kitchen table. She was everything to our family & more, she will be missed dearly.

“ I did not know Vera personally, but I feel as though I did. Her grandson Mikeal (my son in law) loves her very much and told us about her and how she raised him. My condolences to the family and I will be praying for you all.

“ Vera and I were good friends growing up. We lived on the same road, rode the same school bus. We grew up together. I hadn't seen her since our schooldays but I have fond memories of her. She was really cute and had a beautiful complexion, always tanned easily. I was saddened to hear of her passing. May she Rest In Peace. You were a good childhood friend. Over the years I have thought of you many times. I didn't know where you had moved to or what you were doing, but I always hoped your life was happy.
